

I need a great home!

**Please adopt a
rescued pup!**

Joey is 6 lbs. of pure joy! He is a Chihuahua, born around January 15, 2010. Neutered, up to date on shots, and microchipped. He is very affectionate, loves to snuggle, and is great around children and other dogs. In fact, we would prefer that he be adopted into a home with another small to medium sized dog. He is shy at first, but comes out of his shell quickly. Joey loves to be carried or sit in your lap. Mostly housebroken, he is eager to learn and very smart. Joey is sure to bring you a lifetime of happiness.
